FROM AVON BABY TO BUSINESS SAVVY!

“SELLING AVON ONLINE GAVE ME THE CHANCE TO GIVE BACK TO MY FAMILY.”

Growing up around parents who own multiple Avon branches, she was a true Avon baby. Vanessa grew up with beauty, business, and ambition all around her. She credits Avon with helping her fund her studies and launch her own businesses. **“I’m very thankful for Avon kasi I couldn’t have done it without them.”** When their family business struggled because of the pandemic, she knew it was time to give back. She went back to her roots and started selling Avon products online to help her parents.

She learned to create online content as a way to capture new customers and live selling to connect with them in real time through demos of different products, from lotions to lipsticks, believing that authenticity builds trust. **“Mas magti ala sila pag nakita nilang ikaw mismo yung gumagamit ng product. You have to show them real results.”** For her, it isn’t just about sales, but about creating community where customers feel valued and heard.

Her advice to Reps who want to win more customers? Never stop learning. Connect with customers by sparking a conversation whether it’s **complimenting their lipstick or suggesting a shade that would look great on them.** “Try out different strategies. You just need to find something that works for you.”
